

UP TO 20 WITH GOLD RAID

Raid wins impressively at Doncaster

Havana Gold recorded his 20th individual winner from his first crop when Raid made a stunning winning debut in November. Havana Gold will stand for £15,000 (Oct 1st SLF) at Tweenhills in 2018 and looks excellent value.

The Qatar Racing-owned Raid was bought by David Redvers for £135,000 at Goffs UK Breeze Ups having posted a bullet time at the sale, and he made the successful return to Doncaster in a six-furlong maiden on the last day of the turf season. He's out of the Mark of Esteem mare Remarkable Story, so a half-brother to Winter Derby winner Grendisar, and looks an exciting prospect.

Top-class sprinter Hot Streak will continue at £6,000 (Oct 1st SLF). His first foals look set to attract plenty of interest at the sales.

Havana Gold and Hot Streak as well as Pearl Bloodstock stallion Dunaden can be viewed at Longholes in Newmarket during the Tattersalls Mare Sale from Saturday 2 to Wednesday 6 December.

CHARM SPIRIT RETURNS TO FRANCE IN 2018

Charm Spirit will return to France in December after covering mares to Southern Hemisphere time in New Zealand.

Charm Spirit first shuttled to Windsor Park Stud in 2015 and his latest venture was another success, covering a quality book of mares.

In 2018, Charm Spirit will stand for €20,000 (Oct 1st SLF) at Haras de Bonneval in France as part of the on-going link-up between Qatar Bloodstock and the Aga Khan Studs. He will return to Tweenhills for the 2019 breeding season.

Charm Spirit's first yearlings made up to €500,000 and averaged just shy of £70,000 at the yearling sales.

HARBOUR WATCH RETIRED

We are sad to announce Harbour Watch has been retired from covering duties on veterinary advice.

Unbeaten Timeform European champion two-year-old Harbour Watch covered his first mares in 2013 and has enjoyed plenty of success. His first two crops include Gr.2 Prix Robert Papin scorer Tis Marvellous and Santry, one of this season's leading two-year-olds prior to being fatally injured.

Harbour Watch also shuttled to Australia and is the sire of South African Listed winner Trojan Harbour. Harbour Watch has arthritic joint issues relating to an accident during his racing career which resulted in him retiring to stud.
